## PART 1 GOALS

- Have a conversation about design and application of funding strategies to maximize CPP planning and implementation process.
- Establish connection between effective, sustainable CPP funding, parallel prevention opportunities, and the System of Care as the structure to hold those opportunities.
- Deepen awareness of critical Behavioral Health funding opportunities and reforms that will lead to CPP and related successes.
- Set the stage for a follow up panel presentation on these critical concepts and strategies.

## PART 2 GOALS

- Share some of the lessons learned from planning and implementing jointly funded initiatives at a System of Care level, using examples from CalAIM (Medi-Cal reform) and CYBHI (school-based family support initiatives)
- Learn about setting and monitoring cross-agency outcomes in the context of those examples
- Understand some the nuances associated with cross-agency funding that are applicable to shared target populations and the community-based providers who serve them
- Understand how FFPs strategies and programs will benefit from involving other funding streams, with particular emphasis on sustainability

## KEY TAKEAWAYS

- FFPSA, FFPS & the CPP provide extraordinary opportunity to transform Child and Family Services in partnership with the MediCal Mental Health Delivery System in California.
- Sustained and structured interagency collaboration (AB 2083) leads to effectiveness and efficiency of services, and sustainability of funding/programming.
- There is an unprecedented level of investment (10+ Billion) and a shifting payor landscape to negotiate
- Those investments, via parallel opportunities, are only known and discoverable when you're all at the table...including Managed Care Plans and schools
