## About us

**About The CA Alliance**

Passionate representatives for California's children and families facing vulnerable circumstances. More than 160 chief executives of organizations that serve California's most vulnerable populations are members of the California Alliance. We provide legislative and regulatory advocacy to the Governor and the Legislature, as well as a host of state departments all with the goal of helping children, youth, and families thrive in CA.

**About the Catalyst Center**

The training and technical assistance arm of the Alliance, the Catalyst Center is committed to ensuring that policies are effectively implemented through best practices, and supporting the field as well as those that are served through our public systems and its network of service providers

## Agenda

- Review what CalAIM is
- What are the new benefits available?
- How do CBOs and counties engage with CalAIM and MCPs?
- Examples of Integrated Funding Opportunities

## What is CalAIM?

- The ultimate stated goal is to "...improve the entire continuum of care across MediCal, ensuring the system more appropriately manages patients over time through a comprehensive array of health and social services spanning all levels of intensity of care, from birth to end of life."
- The underlying premise is to improve delivery and coordination of Medi-Cal services.
- There are a suite of proposals that are being phased-in over a five-year period (began January, 2022).

## What is CalAIM?

Big Goals of the Initiative:

- ✓ Improve and Integrate Care (Health, Mental Health, Substance Use, Specialty Behavioral Health Care)
- ✓ Be a catalyst for equity and justice
- ✓ Build a healthier state

## Changing Landscape

Three types of entities administer behavioral health services for children and youth eligible for MediCal

- **County Mental Health Plans (MHPs)** – provide Specialty Mental Health Services (SMHS) (e.g., Intensive Home Based Services, Therapeutic Behavioral Services, Therapy, Rehabilitation)
- **Managed Care Plans (MCPs)** – Kaiser, Molina, HealthNet, Partnership Health, Blue Shield, CHG ([link to changes in MCPs](#))
- **Local Health Plans (LHPs)** – LA Care, Alameda Alliance, Inland Empire Health Plan ([link to Local Health Plans of California](#))

## California's MediCal Managed Care Plans

- As of January 2024, there are **22 MediCal Managed Care Plans** that are serving Californians
- **Kaiser in 32 counties**
- Both private companies (e.g., Molina) and local health plans (Alameda Alliance)
- All required to provide **Enhanced Care Management** and **Community Health Workers**, some **Community Supports**

### Other Children/Youth Initiatives that Interact with CalAIM

- Children and Youth Behavioral Health Initiative (CYBHI)(\$4.8B)
- Family First Prevention Services (FFPS)
- Community Schools (\$4.4B)
- BH-CONNECT (Medicaid 1115 Demonstration Waiver)
- Proposition 1 (MHSA Reform + Housing Bond)
- AB 2083 (System of Care Integration)
- Extended Learning (One time in-flux of \$4.4B)

### What Parts of CalAIM Impact Children and Youth Services?

- **Enhanced Care Management (ECM)**
- **Community Supports (CS)**
- **Community Health Workers (CHW)**
- **Simplifying access to Specialty Mental Health**
- **Streamlining documentation requirements**
- **Payment structure changes**
- **Justice involved initiatives**
- **Foster Youth**

### Children and Youth Populations of Focus

- Children (up to Age 21) Experiencing **Homelessness**
- **High Utilizers**
- Experiencing **Serious Emotional Disturbance** or identified to be at Clinical High Risk for Psychosis or Experiencing a **First Episode of Psychosis**
- Enrolled in **California Children’s Services (CCS)/CCS Whole Child Model** with additional needs beyond the CCS eligible condition
- Involved in, or with a history of involvement in, **Child Welfare Services/Programs** (Including Foster Care up to Age 26)
- Transitioning from **incarceration**
- **Pregnant and Postpartum individuals**; birth equity focus

## Enhanced Care Management

- Comprehensive care management from a single lead care manager who coordinates all their health and health-related care:
  - Physical health
  - Behavioral health
  - Dental care
  - Social services
  - Clinical and non-clinical needs
  - Meet beneficiaries where they are – at home, in school, on the street
- [LINK to ECM Fact Sheet](#)

16

---

---

---

---

---

---

---

---

The California Alliance of Child and Family Services and the Catalyst Center 

## Community Supports

- Housing transition navigation services
- Housing deposits
- Housing tenancy and sustaining services
- Short-term post-hospitalization housing
- Recuperative care (medical respite)
- Respite services
- Day habilitation programs
- Nursing facility transition/diversion to assisted living facilities
- Community transition services/nursing facility transition to a home
- Personal care and homemaker services
- Environmental accessibility adaptations
- Medically tailored meals/medically supportive food
- Sobering centers
- Asthma remediation

17

---

---

---

---

---

---

---

---

The California Alliance of Child and Family Services and the Catalyst Center 

## Community Health Workers

- CHWs should provide services to include but are not limited to:
  - assisting Members with health care system navigation
  - communicating cultural and language preferences to providers
  - accessing health care services, educating health needs
  - connecting individuals and families with community-based resources
- CHWs may include individuals known by a variety of job titles, such as promotores, community health representatives, navigators, and other non-licensed public health workers, including violence prevention professionals
- CHW services are Medically Necessary for Members with **one or more chronic health conditions** (including **Behavioral Health**) or **exposure to violence and trauma**, who are at risk for a chronic health condition or environmental health exposure, who **face barriers in meeting their health or health-related social needs**, and/or who would **benefit from preventive services**.

18

---

---

---

---

---

---

---

---

The California Alliance of Child and Family Services and the Catalyst Center 

## Community Health Workers

- CHW Providers **must** have **lived experience** that **aligns** with and provides a connection between CHW and the Member population being served in
  - This may include, but is not limited to, experience related to **incarceration, military service, pregnancy and birth, disability, foster system placement, homelessness, mental health conditions or substance use**, or being a **survivor of domestic or intimate partner violence** or abuse and **exploitation**. Lived experience may also include **shared race, ethnicity, sexual orientation, gender identity, language, or cultural background** with one or more **linguistic, cultural, or other groups** in the community for which the CHW is providing services.
  - Currently no standardized trainings for CHWs

## Justice Focused Initiative

The Justice-Involved Initiative allows eligible Californians who are incarcerated to enroll in Medi-Cal and receive a targeted set of services in the 90 days before their release

- Opportunity for organizations already working with justice-involved youth
- Ability to provide services prior to release and ECM and other service post-release
- [LINK to Fact Sheet](#)

20

---

---

---

---

---

---

---

---

The California Alliance of Child and Family Services

## Foster Care Population of Focus (POF)

- Foster youth are a **specific POF**
- Organizations that have been working with this population are well suited to provide ECM, CS and CHWs
- Managed Care plans have not provided these types of services and need your help identifying families that are eligible
- These services can **supplement** (not supplant) **other services** that foster youth are already eligible to receive
  - Specialty mental health services (Intensive Care Coordination, Intensive Home-Based Services, etc.)
  - Prevention Services under Family First Prevention Services (FFPS)

21

Community Health Workers are a new provider type that can add support to children and families

**Who are community health workers?**

- Parent Partner
- Family Resource Coordinator
- DV Shelter liaison

Enhanced Care Management (ECM)

Community Supports

Community Health Workers (CHW) Services

Fee for service → Managed Care

**IMPORTANT:** Half of foster care children are not enrolled in managed care and not eligible for ECM. Also, CHW services can help the parent of a Medi-Cal child/youth even if the parent is not on Medi-Cal.

22

Community-based organizations are critical to CalAIM's success

“As trusted community providers, **CBOs are critical partners in achieving health equity by elevating the voices of marginalized communities** and vulnerable community members, and **providing culturally relevant, equitable, and strategic solutions to community challenges.**”

**Engaging with Managed Care Plans**

- Know what plans are in your county
- Identify the person at the plan who works with providers interested in providing ECM, CS, CHW services
- Understand how rates are structured
- Engage with a “hub” like [Full Circle Health Network](#)

### Family First Prevention Services (Act)

- Focus on keeping families together and youth out of group care
- CA Prevention Plan includes options for counties to use the following 10 evidence-based practices (EBPs) for prevention services (for reimbursement):

<ul style="list-style-type: none"> <li>○ Motivational Interviewing (MI)</li> <li>○ Nurse Family Partnership (NFP)</li> <li>○ Health Families America (HFA)</li> <li>○ Parents as Teachers (PAT)</li> <li>○ Parent Child Interactive Therapy (PCIT)</li> </ul>	<ul style="list-style-type: none"> <li>○ Multisystemic Therapy (MST)</li> <li>○ Brief Strategic Family Therapy (BSFT)</li> <li>○ Family Check Up</li> <li>○ Functional Family Therapy (FFT)</li> <li>○ Homebuilders</li> </ul>

CalAIM & the Prevention Continuum

	Primary Prevention	Secondary Prevention	Tertiary Prevention
<b>Definition</b>	Focus on strengthening communities and improving child wellbeing for entire population; address social determinants of health.	Target at families with risk factors, such as poverty, SUD, MH issues, you parents, violence exposures. Goal is to strengthen protective factors.	For families where child maltreatment has occurred; aim is to mitigate trauma caused by maltreatment and reduce negative consequences
<b>Examples</b>	<ul style="list-style-type: none"> <li>Universal screening and integrated services through <b>Healthy Steps/Dyadic Benefits</b> within primary care.</li> <li>Public health <b>home visiting programs</b> for early identification and referral.</li> <li><b>Family Resource Centers</b> co-located at <b>Community Schools</b> with <b>on-site supports and services via CHWs and Wellness Coaches.</b></li> </ul>	<ul style="list-style-type: none"> <li><b>Enhanced Care Management</b> (a form of home visiting) to connect a family to <b>Community Supports</b>, such as transitional housing, security deposits, asthma remediation, for food supports.</li> <li><b>Community Health Worker (CHW)</b> services to support individuals with navigating health and social issues, and mitigating impacts of interpersonal or community violence.</li> </ul>	<ul style="list-style-type: none"> <li><b>Combine ECM or CHW services with intensive care coordination (ICC) or Wraparound</b> to implement aspects of the case plan.</li> <li>ECM or CHW services should support strengths and needs in deference to Child and Family Team to support family preservation, maintenance and/or reunification.</li> </ul>

The "invisibility" of small CBOs in MCP CalAIM networks so far

- People prefer care providers who [are similar to them](#) and [culturally sensitive interventions](#) work
- Network inclusivity is important along with network adequacy
- Yet, [research shows](#) most CalAIM-contracted providers today are large organizations (~\$11M revenue).
- Community Hubs or Network Lead Entities [create efficiency](#) for CBOs & MCPs and streamline contracting.
- Hubs distribute the start-up costs, support understanding of local community needs and shoulder admin burden for CBOs so they can focus on serving people.

### Early Childhood Programs

- Develop relationship with Managed Care Plan or a network hub of providers
- Provide ECM, CS and/or CHW services to families you serve, either on your own or in partnership
- Partner with a CBO providing behavioral health services to provide dyadic behavioral health services under MediCal (or hire staff directly)
- Ensure that families are aware of the services that are available to them

### Integrating Funding

Transition Aged Youth moving out of foster care into supportive housing

- Eligible for ECM and Community Supports (if in managed care)
- Eligible for Transitional Housing Program (THP)
- Eligible for Specialty Mental Health Services
- Access to School-Based Behavioral Health through new Fee Schedule partnerships

Maintaining the family

Case Study on CalAIM & Prevention

**Sonja, age 6**  
**SCENARIO:** Sonja recently was placed by social workers with her father, Carlos, age 32, after being removed from her mother's care. Carlos had not seen her in several years. He was living in his mother's subsidized apartment against rules. He and Sonja could not stay there long-term. Sonja goes to half-day school due to emotional dysregulation and stays with grandma for other part of day; grandma has unmanaged diabetes. Dad and grandma are both enrolled in Medi-Cal managed care plans and need support to keep Sonja and help her thrive.

**Care Needs**

Emotional/Psychological	Safety
Family & Relationships	Social/Fun
Housing	School/Work
Medical	Basic needs: food, clothes

**CalAIM Services**

- ECM For Sonja and Dad
- CHW for Grandma
- Community Supports for the family: Housing Transition Navigation Services, Housing Deposits, Short-Term Post-Hospitalization Housing
